

MULTI PURPOSE
OPERATING TABLE ELECTRO-HYDRAULIC

MULTISTAR - 1

Completely off centered Pillars for full length C-ARM Compatibility

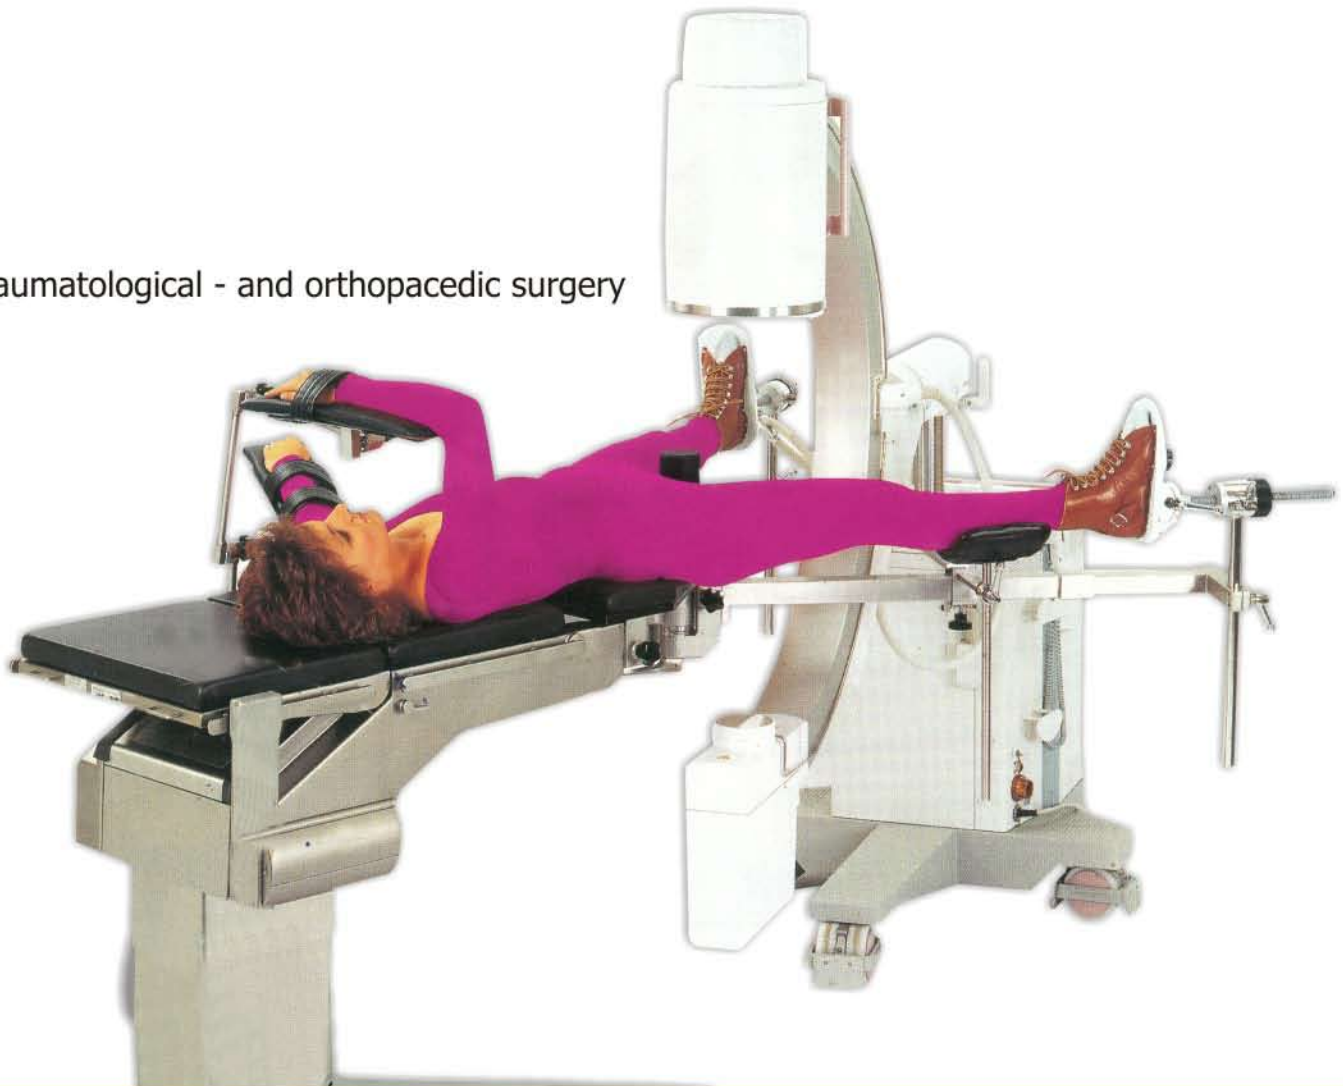

There is a difference in the Standards

Top-level technology With development of the Multistar generation Surgident has once again set standards to be followed in operating table technology.

Maximum C-arm access The new generation of Multistar operating tables is also based on the proven and patented system of the telescoping column arranged completely off-centre. With only 2 basic positions, the C-arm can be utilized without restrictions for all surgical disciplines.

Universal use The Multistar operating table can be used for surgical disciplines. With minimum effort, it can even be equipped with an extension device for orthopaedic and traumatological surgery.

Traumatological - and orthopaedic surgery

MULTIPLE FUNCTIONS OF OPERATING TABLE

Surgical Table Specifications
